Understanding the COSMOS

Take Astronomy without coming to class!

Beginning Fall 06, Introductory Astronomy is offered both in class and online.

Simply download lectures onto your computer or iPod. Take tests over the web.

Introductory Astronomy (PH1600: available online) and Introductory Astronomy Labs (PH1610) are offered every Fall semester and can be enrolled in separately.

Facilities: Amjoch Observatory equipped with 16" automated telescope, 25" Dobsonian and 8" Meade telescopes.

Introductory Astronomy –PH1600 : Mon & Wed [4:00-5:00 pm]

Introductory Astronomy Labs –PH1610 : Mon [7:00-9:00 pm]

Fall semester registration starts Mar. 06
